

PERFORMANCE MANAGEMENT POLICY

Kazi Technologies Ltd – Uganda

6.1 Purpose of the Performance Management Policy

Kazi Technologies Ltd is committed to building a high-performance culture that supports employee growth, accountability, innovation, and organizational success.

The performance management process is designed to:

- Align employee goals with company objectives
- Encourage continuous improvement
- Identify strengths and development areas
- Support career progression and succession planning
- Recognize and reward strong performance

Performance management is intended to be constructive, transparent, and development-focused.

6.2 Performance Reviews

Performance reviews are formal evaluations conducted to assess employee contributions, achievements, and areas requiring improvement.

6.2.1 Review Frequency

Formal performance reviews are conducted:

- Twice a year
- Mid-year review
- End-of-year review

Additional informal reviews or check-ins may occur throughout the year.

6.2.2 Review Participants

Performance reviews may involve:

- Immediate supervisors

- Department managers
 - HR representatives
 - Employees themselves through self-assessments
-

6.2.3 Areas of Evaluation

Performance evaluations may assess:

- Achievement of KPIs
 - Quality of work
 - Productivity
 - Communication skills
 - Teamwork and collaboration
 - Leadership abilities
 - Attendance and professionalism
 - Innovation and initiative
-

6.2.4 Self-Assessments

Employees may be required to complete self-assessment forms outlining:

- Achievements
- Challenges faced
- Goals accomplished
- Areas requiring support

Self-assessments are intended to encourage reflection and constructive discussion.

6.2.5 Feedback and Development

Managers are expected to provide:

- Honest and constructive feedback

- Clear performance expectations
- Actionable improvement recommendations

Employees are encouraged to actively participate in performance discussions and seek clarification where needed.

6.3 Key Performance Indicators (KPIs)

KPIs are measurable goals used to evaluate employee performance and contribution to organizational objectives.

6.3.1 KPI Definition

KPIs are:

- Defined according to job role and department
 - Established in consultation with employees and supervisors
 - Aligned with company priorities and objectives
-

6.3.2 Types of KPIs

KPIs may include:

- Sales targets
 - Project completion timelines
 - Customer satisfaction metrics
 - Attendance targets
 - Productivity measures
 - Quality assurance indicators
 - Technical or operational objectives
-

6.3.3 KPI Reviews

KPIs are reviewed regularly to ensure:

- Relevance to business needs

- Realistic expectations
- Fair measurement standards

KPIs may be adjusted where:

- Business priorities change
 - Roles evolve
 - Operational requirements shift
-

6.3.4 Failure to Meet KPIs

Employees who consistently fail to meet performance expectations may:

- Receive coaching or mentoring
- Be placed on a Performance Improvement Plan (PIP)
- Undergo further performance management procedures where necessary

The company aims to support improvement before disciplinary action is considered.

6.4 Performance Improvement Plans (PIPs)

Where performance concerns exist, employees may be placed on a structured improvement plan.

6.4.1 Purpose of a PIP

A Performance Improvement Plan is intended to:

- Clearly identify performance gaps
 - Provide support and guidance
 - Define measurable improvement goals
 - Establish timelines for reassessment
-

6.4.2 PIP Duration

PIPs typically run for:

- 30 to 90 days
depending on the nature of performance concerns.
-

6.4.3 Outcomes of a PIP

Possible outcomes include:

- Successful completion and improvement
 - Extension of monitoring period
 - Further disciplinary action if performance does not improve
-

6.5 Promotions and Career Advancement

Kazi Technologies Ltd encourages internal career growth and recognizes employee achievement and potential.

6.5.1 Promotion Criteria

Promotions are based on:

- Individual performance
 - Skills and competencies
 - Leadership potential
 - Company needs and available opportunities
 - Professional conduct and reliability
-

6.5.2 Equal Opportunity

Promotion decisions are made fairly and without discrimination based on:

- Gender
- Religion
- Ethnicity
- Disability
- Personal relationships

6.5.3 Internal Recruitment

Where possible, qualified internal employees may be considered before external recruitment.

6.5.4 Acting Roles and Interim Assignments

Employees may occasionally be assigned acting responsibilities for:

- Leadership development
- Temporary operational coverage
- Succession planning purposes

Such assignments do not automatically guarantee permanent promotion.

6.6 Recognition and Rewards

The company may recognize outstanding performance through:

- Bonuses
- Promotions
- Awards and recognition programs
- Additional responsibilities or opportunities

Recognition programs are intended to encourage motivation and excellence.

6.7 Employee Responsibilities

Employees are expected to:

- Take ownership of performance goals
- Participate actively in reviews
- Seek feedback and clarification
- Pursue continuous improvement

- Maintain professionalism and accountability
-

TRAINING & DEVELOPMENT POLICY

Kazi Technologies Ltd – Uganda

7.1 Purpose of the Training & Development Policy

Kazi Technologies Ltd recognizes that employee growth and continuous learning are essential for organizational success and innovation.

The company is committed to:

- Enhancing employee skills and competencies
- Supporting professional development
- Encouraging lifelong learning
- Building leadership capacity
- Improving operational effectiveness

Training and development opportunities are provided based on business needs, employee performance, and career development objectives.

7.2 Training Opportunities

The company may provide both internal and external learning opportunities to support employee growth.

7.2.1 Internal Training Programs

Internal training may include:

- Orientation and onboarding sessions
- Technical skills training
- Leadership development workshops
- Compliance and policy training
- Cybersecurity awareness programs
- Product or system training

Internal training may be mandatory depending on role requirements.

7.2.2 External Training Programs

Employees may participate in:

- Conferences
- Professional workshops
- Certification programs
- Industry seminars
- Online courses
- Academic programs

Participation is subject to:

- Budget availability
 - Relevance to role
 - Management approval
-

7.2.3 Training Selection Criteria

Training opportunities may be prioritized based on:

- Job relevance
 - Department needs
 - Employee performance
 - Career development plans
 - Organizational priorities
-

7.2.4 Mandatory Training

Certain training programs may be compulsory, including:

- Workplace safety training

- Data protection and compliance training
- Anti-harassment training
- IT security awareness

Failure to complete mandatory training may affect performance evaluations.

7.3 Study Leave

The company may grant study leave to employees pursuing education or professional qualifications relevant to their roles.

7.3.1 Eligibility

Study leave may be granted where:

- The course is relevant to the employee's role or future organizational needs
 - The employee demonstrates satisfactory performance
 - Operational requirements allow absence
-

7.3.2 Approval Process

Employees requesting study leave must:

- Submit formal requests in advance
 - Provide supporting academic documentation
 - Obtain supervisor and HR approval
-

7.3.3 Paid vs Unpaid Study Leave

Study leave may be:

- Paid
- Partially paid
- Unpaid

depending on:

- Course relevance
 - Duration
 - Company sponsorship arrangements
-

7.3.4 Academic Performance Expectations

Employees receiving company-sponsored training or study support may be required to:

- Maintain satisfactory academic performance
 - Share progress reports or transcripts
 - Complete the course successfully
-

7.4 Career Growth and Development

Kazi Technologies Ltd encourages employees to take active responsibility for their professional growth.

7.4.1 Career Development Support

The company may support employee growth through:

- Mentorship programs
 - Coaching
 - Leadership opportunities
 - Cross-functional assignments
 - Stretch projects
-

7.4.2 Employee Responsibility

Employees are encouraged to:

- Continuously improve skills
- Pursue relevant certifications
- Stay updated with industry trends

- Seek developmental feedback
-

7.4.3 Succession Planning

The company may identify high-potential employees for:

- Leadership development
 - Specialized training
 - Succession planning initiatives
-

7.5 Training Records

HR may maintain records of:

- Training completed
- Certifications obtained
- Professional development activities

Training records may be considered during:

- Performance reviews
 - Promotion decisions
 - Internal recruitment opportunities
-

7.6 Repayment of Training Costs

Where the company sponsors significant external training, employees may be required to sign agreements regarding:

- Minimum service periods
- Repayment obligations if employment ends shortly after training completion

Such agreements will be communicated clearly before sponsorship approval.
